

# ACID BRICK CLEANER

**Thompson's Acid Brick Cleaner is a hydrochloric acid based cleaner that removes cement and mortar splashes along with grease and grime from bricks, tiles, concrete and patios.**

## THOMPSON'S ACID BRICK CLEANER:

- For use on brick, stone and concrete
- Hydrochloric acid based cleaner
- Removes cement, mortar, grease & grime

## TECHNICAL DATA

Form	Liquid
Storage Life	12 Months unopened stored between 5°C and 25°C in original containers

Specification writers: These values are not intended for use in preparing specifications. Please contact your local Thompson's Sales Representative prior to writing specifications on this product.

## SURFACE PREPARATION

It is always advisable to test a small area first, especially when working with coloured stones, blocks, bricks, interior works and glazed tiles.

## APPLICATION

Apply Thompson's Acid Brick Cleaner in concentrated form or by diluting with water depending on how difficult the surface is to clean.

Apply with a brush and allow to stand for 15-20 minutes before using a strong bristle or wire brush to scrub off the stains.

Always wash or hose down after application as this will neutralise the cleaner and remove the loose dirt and grime. At all times use protective gloves and clothing, ensuring eyes and face are protected. Mix only in plastic containers.

## CLEANING

Wash all equipment with water. Do not leave Thompson's Acid Brick Cleaner in contact with metals as corrosion will occur rapidly.

## PACKAGING

Sizes: 2L, 5L & 25L

## LIMITATIONS

Protect windows and glass by masking with polythene sheet.

## HEALTH AND SAFETY

Thompson's Acid Brick Cleaner contains strong acid. Wear appropriate protective equipment to prevent skin and eye contact, which will cause burns. For further information please refer to Health and Safety data sheets available on request.

## TECHNICAL SERVICE

For further technical information, advice on suitability for specific applications, or detailed Health and Safety information, contact Thompson's Technical Service.

**IMPORTANT NOTE** The information contained herein is offered in good faith and is believed to be accurate. However, because conditions and methods of use of our products are beyond our control, this information should not be used in substitution for customer's tests to ensure that Thompson's products are safe, effective and fully satisfactory for the intended end use.
